MWCSD session for New Police Recruit officers

Ministry of Women Community & Social Development administered our inter-organizational link to our New Recruit Officers. Principal Officer of Social Development Division and her team presented on how our responsibilities as law enforcers are related to theirs. They encouraged our newly recruit members to “be champions for ending violence” with their ongoing campaign, “O LE SAOGALEMU O SAMOA O LE TIUTE O TAGATA UMA”. Additionally, this session reflected their Ministry’s outreach awareness to every constituency of Samoa as part of their roles, to put an end to numerous violence against women and children.

Defensive Driving Course

Defensive driving is one important piece of "safety" on the road. Drivers are not always perfect to control what may occur on the road but if they are well trained on how to put themselves in a solid position to avoid the consequences of any risky actions thus protect lives and properties.

This is one of the very important trainings continuously conducted by qualified Police instructors working at the Training & Mission Unit. There are 43 trainings as from 2017 and there are 10 trainings as from the beginning of 2020 until now.

Another group of Recruit 2018 and a member of Recruit 2011 have successfully completed this course. These officers have served more than two years in our Ministry. The course is more likely a refresh on our given responsibilities as enforcement officers and also a highlight on the end of probation period of two years as applicable to all sworn police officers. Hopefully the course will be helpful in polishing our gold.
